**SUBJECT:** FNM – Travel Update – 2005 Privately Owned Vehicle Mileage Reimbursement.

Purpose: To announce the 2005 Privately Owned Vehicle Mileage Reimbursement.

Expiration Date: When superseded.

The General Services Administration has published Amendment 2005-01 to the Federal Travel Regulations (FTR) in the Federal Register dated February 4, 2005. Amendment 2005-01 lists the new Privately Owned Vehicle Mileage Reimbursement for use of a privately owned vehicle (POV) on official travel to reflect current costs of operation as determined in a cost study conducted by the General Services Administration (GSA). The governing regulation is revised to increase the mileage allowance for advantageous use of a privately owned airplane from .995 cents to \$1.07 per mile, the cost of operating a privately owned automobile from .375 cents to .405 cents per mile, and the cost of operating a privately owned motorcycle from .285 cents to .305 cents per mile. These rates were effective February 4, 2005. All open travel authorizations will be amended to reflect this change.
